DESCRIPTION

Valuable apartment with panoramic views in the Darsena area

Valuable panoramic apartment on the tenth floor, in a dominant and reserved position, with open views of the city, the marina and the sea, as far as the horizon of the Island of Bergeggi. A home designed for those seeking not just a home, but an elevated lifestyle of light, silence, comfort and immediately usable services. The location, away from traffic and above urban level, guarantees absolute tranquility while remaining within easy reach of everything that makes daily living in Savona a pleasure: the marina, the waterfront, the historic center, restaurants, cultural activities and connections. The property has been fully and recently renovated, with a coherent, modern and internationally tasteful design, with clean lines and an almost metropolitan

feel. Full-height windows envelop the rooms in natural light and amplify the perception of space and views, creating a constant dialogue with the outdoors. The living area is developed in a large openspace, elegantly articulated into a living room, dining room and kitchen. The visual continuity is reinforced by the choice of light tones and the parquet flooring that runs through the entire house, contributing to a refined, bright and contemporary atmosphere. The apartment is ready to live in, without the need for any technical or aesthetic intervention. The internal distribution is extremely functional and versatile: two bedrooms, a walk-in closet convertible into a study or third bedroom, two bathrooms and a dedicated laundry area....
