Villa Aura is not simply a luxury residence, it is a manifesto of contemporary architecture, a "Trophy Asset" designed for those who do not accept compromises. Situated in a commanding position with breathtaking views of the Tyrrhenian coast and the Aeolian Islands archipelago, this property represents the perfect synthesis between an unparalleled private residence and a high-profile financial asset. The Exclusive Signed C&C House Immobiliare We exclusively present a project where every inch is the result of avant-garde design. In a global market, uniqueness is the most precious value: Villa Aura is a rare object, capable of satisfying both the desire for a personal retreat and the logic

of a solid investment. The Double Soul of Villa Aura We designed this property to respond to two different visions of excellence: 1. The Private Residence: A "Tailor-Made" Retreat For those seeking the "home of a lifetime," Villa Aura offers a daily sensory experience: Total Customization: Interior spaces that can be remodeled through a dedicated interior design service to define custom finishes, furnishings, and integrated home automation.
