DESCRIPTION

Iconic 70th Floor Penthouse with Incomparable Ocean and Skyline Views

Welcome to a dimension where architecture, design, and views merge into an unparalleled living experience. Located on the 70th floor, this extraordinary 557-square-foot penthouse, masterfully designed by Jonathan A. Ragusa, was born from the union of three units to create an iconic residence in the sky. Floor-to-ceiling windows frame spectacular views of the ocean, skyline, and city, transforming each room into a privileged and unrepeatable vantage point. The interiors express a refined and timeless luxury: Cristallo stone surfaces, custom-designed furniture by Italcraft and a professional kitchen equipped with Wolf and Sub-Zero appliances, designed for performance

excellence. Handcrafted Venetian glass lamps, bespoke European furnishings, and a carefully selected art collection complete rooms of rare elegance. The latest home automation technology, with Josh AI and Alisse systems, enables intuitive and seamlessly integrated control of lighting, audio, and screens. Two spacious living areas offer ideal settings for entertaining in style, while the master suite, inspired by a private spa, provides an oasis of absolute well-being. Private entrance, four parking spaces, and six memberships Equinox complete a rare real estate proposition for an international clientele seeking uniqueness, prestige, and perfection.
